

THE GHOSTLY VOYAGE

WORKSHOP

September 16-26, 2009

Includes:

1. Recognizing and developing your intuition. I will assist you in various methods to open up the doorway between the spirit realms and the earth realms.
2. Learning about utilizing the various forms of mediumship such as mental mediumship and physical mediumship. Discussion and experiential workshops include trance, transfiguration, and deciphering energy from a person, an object, a room or space. Discussion includes actually hearing several spirit voices which have been recorded in physical circles.
3. Become aware of how to conduct a development circle and the most successful methods to make contact. Learn who the spirits are and what they want.
4. How to recognize when a place is being haunted. Detect and understand the meaning of a spirit possession. Learn various protection techniques.
5. Learn how to conduct a "rescue work" to free up wondering spirits and bring them to the light.
6. Discussion of the facts or fictions when it comes to the ghost world and discusses famous ghost lore.
7. Learn how to contact spirit on a regular basis.
8. Learn various meditation techniques to prepare yourself to communicate with spirit.
9. Learn how spirits will attempt at communicating with you and the ways you can assure they are with you.
10. Share in utilizing various healing techniques to keep you properly grounded and keep away "psychic vampires."
